Subject: Coordination with HQs on upcoming NDIC Midyear Review Process

Sadie: I believe I briefly discussed with you that HQs (Mary Hanley) in the Administrator's office wanted to be in the loop on our review going forward. I will tell Holly to tell Ron you will be out of the office until Monday.

Congrats?

In other news, I wanted to let you know that Ron will be calling Sadie shortly to discuss the ND Class II review. I told him we discussed the need for early HQ/R coordination. He wants to re-emphasize with her the level of interest, attention and scrutiny this will get from the Administrator's office (given their interest in oil and gas issues generally as well as the NTY articles and relation to ND Class VI primacy) and strategize about when to bring them in.

Thanks,

Holly

Holly Sage Green

Acting Chief, Prevention Branch

Thanks Holly: looks like I will be the Presiding Officer at the hearing in Wyoming (lucky me!) since the Air folks in R8 are not available.

Talk with you later today on the June meeting agenda,

Douglas

Hi all,

Here is an update on the 192 rule activities. Feel free to share with your states, though many should be on this list.

Holly Sage Green

"Health and Environmental Protection Standards for Uranium and Thorium Mill Tailings" (40 CFR 192)

- *EPA is proposing new ground water standards at facilities that extract uranium using the in-situ recovery (ISR) process.*
- *News: EPA plans to extend the comment period to May 27, 2015.*
- *A public hearing will be held in Corpus Christi, TX on April 14, 2015. Reminder: Register by April 10, 2015.*
- *Public hearings are being planned in Wyoming. Details will be provided later.*

EPA has issued a Notice of Proposed Rulemaking that would revise 40 CFR 192 with new ground water protection standards at facilities that extract uranium using the in-situ recovery (ISR) process. EPA welcomes comments on the proposed rulemaking.

To download the rule, obtain background documents, or submit comments, please visit our website at:

www.epa.gov/radiation/tenorm/40CFR192.html

COMMENT PERIOD TO BE EXTENDED TO MAY 27, 2015.

EPA is planning to extend the comment period by 30 days. Comments will then be due on May 27, 2015. An official notice of the extension will appear in the Federal Register.

PUBLIC HEARING, CORPUS CHRISTI, TX, APRIL 14, 2015

EPA will hold a public hearing at the Embassy Suites Corpus Christi in Corpus Christi, Texas to allow the public to make oral presentations of data, views or arguments about the proposed revisions to 40 CFR 192. The public hearing will be held April 14, 2015. Register by April 10, 2015.

[CLICK TO REGISTER FOR THE PUBLIC HEARING IN CORPUS CHRISTI.](#)

HEARINGS BEING PLANNED IN WYOMING

Plans are underway for an additional public hearings in Wyoming. Details, including dates, locations, and registration instructions, will be provided as soon as they are set.

Note: Participation or attendance at a public hearing is not necessary to comment on this proposed rulemaking. EPA also welcomes [written comments](#).
